PROJECT

Whether App

Developed a weather app using HTML, CSS, and JavaScript to display current weather conditions. Utilized Tailwind CSS for a clean and responsive design. Integrated a third-party API to fetch real-time weather data. Implemented features such as location-based search and weather forecasts. Ensured cross-browser compatibility and mobile responsiveness.

Razor pay Clone

Created a Razor pay clone using HTML, CSS, and JavaScript to simulate payment processing. Styled with Tailwind CSS for a sleek and responsive design. Implemented key features like payment forms and transaction tracking. Ensured user-friendly interface and smooth user experience. Focused on cross-browser compatibility and mobile responsiveness.

SKILLS

- **Programming Languages:** C, C++, JavaScript, Python
- **Technical Skills :** HTML, CSS
- **Libraries/Framework:** ReactJS, TailwindCss
- **Tools/Platform:** Git, GitHub, VS Code
- **Database:** MySQL
